Puertas

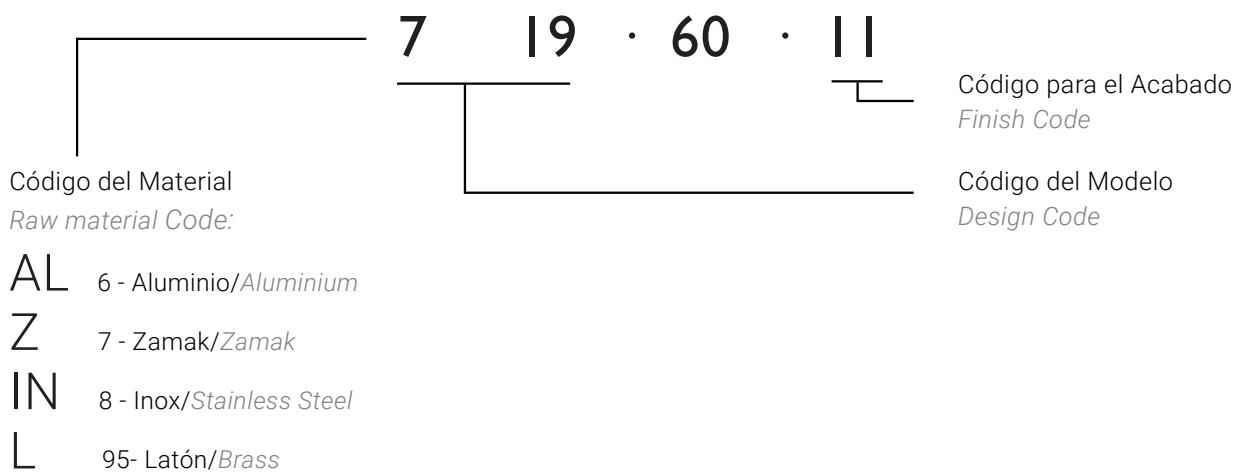

Codificaciones / Code index

Detallamos la interpretación del código de referencia de nuestras manivelas con placa o roseta, manillones y complementos (productos que encontrará de la página 5 a la 69) para un mejor entendimiento. El resto de productos de este catálogo siguen una interpretación diferente a la que especificamos pero que guarda relación con el producto al que codifican.

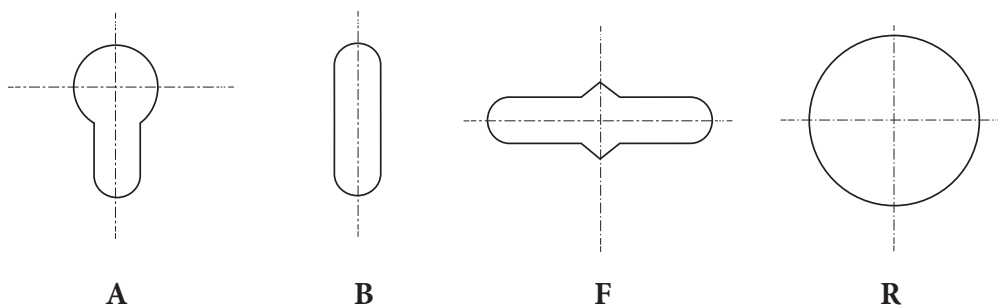

Nuestras referencias constan de un código inicial de tres dígitos que determina el modelo, haciendo referencia el primero de los tres al material del producto. Le siguen dos dígitos que determinan el tipo de producto (manivela con roseta, manivela con roseta cuadrada, manillón con placa...) y los últimos dos dígitos nos indican el acabado del producto.

Los códigos pueden sufrir variaciones. En el caso de los modelos de manivela con placa o roseta, el código del material sólo hace referencia a la manivela.

Tipos de Bocallave / Keyhole Types

Por favor indique en su pedido, si procede, tanto el tipo como la distancia entre centros de su bocallave.
Please indicate in your order, if applicable, keyhole type and distance between centers of the keyhole.

El coste de cada bocallave realizado sobre placas de Acero Inoxidable tendrá un sobrecoste de 0,60 € por juego.
 El bocallave "F" y sus accesorios llevan un incremento de 1,30 € en el precio del juego.

The cost of each keyhole made on stainless steel items, have an extra cost of 0,60 € per set.

Price increment for "F" keyhole and their accessories is 1,30 € per set.
